

WELCOME!

Let's Play Money
Preschool/Kindergarten (PK)

The Let's Play Money printable packet is designed to inspire kids' interest in financial literacy, build money knowledge and habits, and serve as a tool to spark conversations about financial topics.

Each grade-level packet is full of skill-building games, puzzles, and other interactive activities based on financial literacy standards set forth by the National Financial Educators Council, the Washington State Financial Literacy Standards, and the National Content Standards for Entrepreneurship Education.

Learning about money fosters literacy (financial literacy is tied directly to strong reading literacy), numeracy (working with numbers), and sound practices (forming good habits, planning, and strategizing). To that end, each packet offers integrated opportunities to build reading and math skills while developing financial competencies.

According to the National Financial Educators Council, kids' financial habits are set by ages 7-9. It's never too soon to talk to kids about money, and the Let's Play Money packets are here to help you start those conversations with your kids. Now is the time!

Congratulations on taking this important step!

LET'S PLAY MONEY

SHOP AT A FARMERS' MARKET

A Farmers' Market is a fun place to shop for fruit, vegetables, eggs, or meat.

Farmers grow fruit and vegetables and raise animals on their farm. Then they bring their produce and products to market. At the Farmers' Market, customers can buy items directly from the farmer each week.

If there is not a Farmers' Market near you, head to the produce section of a grocery store and pick out new foods to try.

BUSINESS STORY

Excerpt from "Tim Young Turns Clouds Into Coins"

Tori and Tim have a smart way to keep money safe. They each have a safe that appears to be a real book. When you open the front cover, there are no pages inside, just an empty box. Tori's box is designed to look like a book about bunnies. Her five

purple money envelopes fit neatly inside. She keeps the book on the bookshelf in her room for safekeeping. She calls it her Bunny Money book safe.

Tim's book safe is titled "The History Of Airplanes." Old airplanes fly through the clouds on the front and back of the book box. He keeps his money inside the box, which he stores among the books on his bookshelf.

BUSINESS EXERCISE

Keep Things Safe

Keep important things safe at home. Each time we get home we can put the items in the same place so we can find them easily.

Draw a line to match the items to a safe place.
